PANNING EXTRAVAGANZA

"Thar's gold in them there hills!" Those words have driven people into "Gold Fever" for years. On Saturday July 23, the Weinman offers a cure for this illness...FREE GOLD and GEM PANNING! With your paid admission to the museum, you will be able to pan for gold and gemstones under our outdoor pavilion and keep what you find. In addition, from 10:00-12:00 someone will be available to teach you the proper panning technique to help in your quest to find this precious metal. Make plans to join us and maybe you'll strike it rich!

**The Coon Creek Formation of Western Tennessee:
An Exceptional Fossil Deposit and Window to the Past**

Dr. Michael A. Gibson

Thursday, June 2

Fossils of the Coon Creek Formation are internationally recognized for their remarkable diversity and preservation. Paleontologist Dr. Michael Gibson will discuss these unique fossils and the important opportunities for their future study.

Fossils with Mr. Pete

Pete Rogers

Thursday, July 7

The Cookies and Coke Learning Series proudly presents the Weinman Museum's resident fossil man, "Mr. Pete"! Join us as he takes us on a journey through time with a hands-on program about early fossils. If you have ever experienced a Mr. Pete program you know how exciting they can be, and if you haven't, you are in for a treat. This program is appropriate for kids of all ages and children are encouraged to attend.

TEMPORARY EXHIBIT

Lovely

Through July 16

Minerals have been among the key cosmetic ingredients through the ages. Beautiful mineral specimens combined with vintage advertising, artifacts, and hands-on activities help us explore the ways that minerals have made us all a little more lovely.

SPECIAL EVENT

17th Annual ROCKFEST!

Saturday, June 11, 10-5

Mineral, gem, and fossil dealers showcase their wares on the grounds of the museum. Free admission to the museum, door prizes, mineral identification, a sale in the gift shop, food (barbecue!) and family fun add to the festive atmosphere.

Micromineral Art: Paintings from the Microscope

September 5, 2005 - January 14, 2006

Mineral artist David Babulski will exhibit his paintings inspired by his collection of tiny and delicate mineral specimens.

AUGUST 16 - AUGUST 21, 2005.

Last month we told you about the field trip opportunities that have been organized to enhance your convention experience. We also printed all the forms, hotel and camping information and events schedule. You can download additional copies from our website <<http://convention.stlearthsci.org>>

Now we want to remind you to make those hotel or campground reservations and send in your request for show tickets and meals no later than July 15. If you plan on having an exhibit at the show, whether competitive or non-competitive, the deadline for submitting your application form is June 1.

Fill out and send in those forms and make those reservations now before you forget! We'd love to fill the hall with your displays so that the general public as well as our "rockhound" community can see all the wonderful work you do or get a glimpse at a portion of your mineral or fossil collection.

We can't guarantee the weather for August in St. Louis, but we can guarantee you a wonderful experience. St. Louis has lots to do and see (the Arch, our world-class zoo, the Budweiser Brewery, numerous parks, the St. Louis Cardinals baseball team to name just a few). And we're only a few miles away from the Lewis & Clark exhibition marking the spot where the famous duo began their voyage up the Missouri and into unknown territory.

So mark August 16 - 21 on your calendar and "Meet Us In St. Louis". The AFMS meetings are Tuesday, August 16 (Rules) and Wednesday August 17 (AFMS & Scholarship). The show is open on Friday, Saturday and Sunday - August 19 - 21. We hope to see you there.
